Subject: Drilling Permit 1353H - Dan A. Hughes Company, LP

To: Interested Parties

Dear Sir or Madam:

RE: Permit Application No. 1353H (Collier 22-3H)

On May 2, 2013, the Oil and Gas Program of the Florida Department of Environmental Protection received a drilling application from the Dan A. Hughes Company, L.P., to drill an oil production well (Permit 1353H; Collier 22-3H) in Collier County, Florida. The surface-hole location is in Section 22, Township 49 South, and Range 28 East and the bottom hole will be in Section 27, Township 49 South, and Range 28 East. This well will be drilled to a vertical depth of 12,064 feet below land surface and have a horizontal section that extends to a proposed total (16,600 feet measured depth).

We are seeking your comments and suggestions as part of the application review process. Responses received on or before the close of business on May 23, 2013, will be considered before final agency action is taken on this application. Responses either e-mail or written, received after this date may be too late to be included in the initial review of the application. Attached is a copy of the application for your review.

If you have questions or comments, please contact me at (850) 488-8217 or steve.spencer@dep.state.fl.us. You may also direct questions to Paul Attwood Attwood_P@dep.state.fl.us at (239) 344-5721, or Pierre Bruno Pierre.Bruno@depstate.fl.us at our Ft. Myers Field Office at (239) 344-5611.

Sincerely,

Steve Spencer, P.G.
